Aug 2025

Introduction

The Development of the Action Plan

The following action plan has been developed with input from HR Business Partners, Organisation Development team, Workforce Systems and Analytics, Inclusion Group and in collaboration with our Staff Race Equity Nationality Network (SRENN). The action plan is also informed by concerns from the Freedom to Speak Up Guardian report and those highlighted to the inclusion team directly.

It has been presented and agreed at the Trust Executive Management and Trust Management meetings. All the stakeholders will make contributions to the delivery of the action plan. As a live document, progress will be monitored quarterly, and the action plan will be updated accordingly.

A place you want to come to, a place that's fruitful and abundant with joy and laughter. It's a safe and warm place that values and appreciates everyone's difference.

All staff, managers and leaders enable, empower and encourage colleagues, regardless of background to be their best and to give of their best. It's a place where we celebrate together the wonderful nature of our diversity and work together to deliver on our ambition of high-quality patient care for the people in our locality and beyond.

Vision Statement developed by Staff Network Members & Staff.
Whittington Health NHS Trust

The vision statement communicates a shared understanding of the culture we wish to achieve. It has informed our goals and strategy for pursuing them.
