

**FoI request re: ADHD and autistic assessments**  
**Ref: 25-MF-0602**

Thank you for your request for information relating to the number of ADHD and autistic assessments conducted between 2020 and 2024.

Please find our responses below:

**Request 1:**

The total number of ADHD assessments performed during this period. If possible, I would appreciate the data being presented in an annual breakdown for each year (2020, 2021, 2022, 2023, and 2024).

We do not provide a service for adults with ASD or ADHD.

We do not provide an ADHD assessments in SCT (Social Communication Team Islington Additional Needs & Disability Service) for children aged 5 and under.

|         | ADHD in children 5-18 yo    |
|---------|-----------------------------|
| 2020/21 | Not available               |
| 2021/22 | 292                         |
| 2022/23 | 386                         |
| 2023/24 | Not available at this time. |

**Request 2:**

The number of these assessments that resulted in a successful diagnosis of ADHD.

|         | ADHD in children 5-18 yo              |
|---------|---------------------------------------|
| 2020/21 | Not available                         |
| 2021/22 | 64 not including assessments          |
| 2022/23 | 111 not including ongoing assessments |
| 2023/24 | Not available at this time.           |

**Request 3:**

A breakdown of these figures by gender (e.g., male, female, and any other recorded categories).

We are not able to provide this data for ADHD.

**Request 4:**

The total number of Autism assessments performed during this period.
